FULL-STACK DEVELOPER

LinkedIn: [linkedin.com/in/thornolan/](https://www.linkedin.com/in/thornolan/)
Github: github.com/ThorNolan
Portfolio: thornolan.com

Full-stack engineer with a passion for designing smooth and intuitive UI's. I appreciate being challenged and expanding my skill-sets, and am always looking for new opportunities to deliver meaningful work and grow creatively.

TECHNICAL SKILLS

Front-end: React • JavaScript (ES6+) • jQuery • CSS3 • Sass • HTML5 • Material UI • Bootstrap
Back-end: Node • Express • MongoDB • MySQL • RESTful APIs • Axios • AJAX
Others: Object-Oriented Programming • Figma (prototyping) • Writing • Git/Github • Heroku

SELECTED PROJECTS

GIGHUB.IO [React](#) • [Node](#) • [Express](#) • [MongoDB](#) • [Material UI](#) [Deployed](#) | [Code](#)

Full-stack MERN application that allows users to log in with their LinkedIn account and track their job search progress. Role: Primarily front-end engineering and design/layout, as well as API integration.

MERN BOOKS SEARCH [React](#) • [Node](#) • [Express](#) • [MongoDB](#) • [Axios](#) [Deployed](#) | [Code](#)

A full-stack MERN application which allows users to search for book titles and retrieve information about them by utilizing the Google Books API through Axios and save them to a Mongo database.

EVENTPRO [Passport \(Oauth\)](#) • [Node](#) • [Express](#) • [Materialize.css](#) • [MySQL](#) [Deployed](#) | [Code](#)

An event planning application that provides users with a centralized location to create and manage to-do's around their upcoming events. Role: passport Oauth and persistent logins with session, design.

MEMORY COLOR CLICKER [React](#) • [Bootstrap](#) • [JavaScript](#) • [Node](#) [Deployed](#) | [Code](#)

A color themed memory game built with React, built primarily around one stateful app component that keeps track of user clicks, user score and high score, and the position of content on the page which needs to be re-rendered every time the user clicks.

WORK EXPERIENCE

Web Development Tutor - Trilogy Education (Remote) 06-2019 - Present

Independent Contractor - Hired for a redesign and full code update for the website of fair-housing law firm Brancart & Brancart. Worked closely with the client to deliver the optimized and responsive site that they were looking for (see it [here](#)). 06-2019 - 07-2019

EDUCATION

UC Berkeley Extension - Full-Stack Web Development (A+ academic average) 02-2019 - 05-2019

Reed College - B.A. Philosophy (Commendation for Academic Excellence) 08-2012 - 05-2016
